- Develop sales leads
- Dedicated internal sales support
- Marketing support
- UK wide field sales team
- Technical support
- Merchant only policy

## Delivering success by working together

- Local on-site support, take-offs and technical help
- Collaboration, building trust and confidence

# Overview of Marley Alutec product ranges

1

## RAINWATER SYSTEMS

**evolve** **traditional** **aligator**

Gutters, downpipes and hopper systems for all aesthetic and performance requirements:

- Life expectancy of 50 years or more
- Marine grade aluminium throughout for ultimate longevity
- 65% lighter than cast iron - easier and safer to install
- 100% recyclable
- 19 standard colours

2

## FASCIA & SOFFIT SYSTEMS

**evoke**

A new concept in roofline systems, manufactured from aluminium composite:

- Life expectancy of 50 years or more
- Various profiles and sizes available
- Installs like PVC, no specialist trades required
- Nano self-cleaning surface for minimum maintenance
- 12 standard colours

3

### COPING SYSTEMS

**evoke**

Designed to meet the highest standards of durability and to withstand the most extreme weather.

- Life expectancy of 50 years or more
- Various profiles and sizes available
- Fast to position and fix, and easily adjusted with standard carpentry tools
- Nano self-cleaning paint reduces maintenance
- 12 standard colours

4

### DRAINAGE OUTLETS

**elite**

Marley Alutec has developed a revolutionary range of aluminium roof and balcony drainage outlets compatible with all waterproofing membranes and roof build-ups:

- Unrivalled flow performance
- Simple and fast installation
- Saves on project costs by reducing overall downpipe numbers

# Benefits of Marley Alutec aluminium rainwater products

## SAVE MONEY

- Reduced whole life costs
- Maintenance free
- Fit and forget solution

## SUSTAINABILITY

- Aluminium is a natural building material
- Responsible sourcing
- Minimum environmental impact
- Infinitely recyclable
